Oberammergau Passion Play - The original performance dates back to 1634. During the Thirty Year War, the village of Oberammergau was spared the Black Plague and for this reason, the villagers vowed that every ten years they would give a play to honor the life of Christ. The performers are native Oberammergauers. To lend authenticity to the performance, the cast start to grow their hair and beards more than a year in advance. Also, the intricate costumes are made locally by the villagers.
